

Help with Move-Ins for Newly Arrived Refugees!

- Moves are often scheduled on Fridays and Saturdays, and typically take about 2 hours.
- Some items can be heavy—sofas, futons, dressers. Please be prepared to team up to lift heavier items!
- When coordinating volunteers for a move, we try to give 1 week’s notice if possible. We reach out via text, and you can respond if you’re available or not.
- Volunteers should have their own transportation.
- You’ll need to fill out volunteer paperwork before you get started.
- You can volunteer as a small group, as long as you all have your paperwork complete. One of you would need to be the communication point person for your group.

For questions about the moving process, please contact our moves and donations coordinator, Jane at 541-915-4070.

If you are ready to sign up, please reach out to Refugee & Immigrant Services Program Volunteer Coordinator Zoë: 541-953-0860 or zlivelybrooks@cslc.org
